Character

You are more clever than most other people. This is due to the fact that you can learn things quickly and without much effort.At times, you show that you are endowed with brilliant attainments, you are far-seeing, you are charitable and kind, you are hospitable. However, you are advised to think in terms of strength and act in terms of strength so that you can really achieve whatever you want to show.Though you are an excellent person but when anger overtakes you, you are irritable, quickly roused, easily annoyed and devoid of patience. The great thing for you to do on these occasions is to practice the art of mastering your own actions. Make up your mind to be strong and cultivate such qualities as determination.You are a considerate person. But we advise you to be more considerate to others so that they need your support and endeavor to be a little better not so that you may crow over them but in order to give them a helping hand.

Happiness And Fulfillment

There is a harmony between your thinking and feelings, enabling you to have a firm grasp on reality. You are very practical, able to understand yourself, and say tactfully exactly what's on your mind. You are able to see what in your inherent nature prevents you from achieving inner satisfaction and you are able to verbalise this. However, you will tend to worry about the most inconsequential matters, tend to gossip and be as critical of yourself as you are of others.

Life Style

Your parents serve as a spiritual factor influencing you to accomplish certain objectives. Try to do what you want to do. Perform for yourself and not for them.

|| Life Predictions ||

Career

Since you like to unite both sides of an argument, law and justice would be good fields for you. Try to stay clear of profession which require instant and constant decision, because you find difficulty in making them quickly.

Occupation

You have an excellent memory, excellent health, and plenty of force in your character. All this makes it clear that you were born to command. It hardly matters what the particular line of occupation is, You should do well in it. But where you will chafe is in passing up from junior posts to the executive positions. If promotion is slow, you may become despondent and even spoil your chances by plain speaking. Once you climb up the ladder and reach a good height, your abilities will establish you firmly. From this, it is seen that you will fare better in the higher ranks of service than in the lower. Clearly, it will be wise for you to go cautiously while getting your footing.

Health

It would be misleading to say that you are robust. Nevertheless, there is no reason why you should not live to an advanced age, with care. There are two things to watch over : they are indigestion and rheumatism. Regarding your indigestion, be careful not to hurry over your meals, and eat them in peaceful surroundings. In addition, see that you take them at regular hours. As regards rheumatism, this need not concern you much as long as you guard against damp air, cold winds, wet feet and so on.

Love Matters

You need love as much as food. You are capable of deep affection and make excellent partner. You must guard against marrying someone with a lower status than yours because you lack just the toleration required for making such a union success. You are a true charmer, have excellent taste and tend to seek contact with artistic people.

Finance

In matters of money, you will be lucky during the early years of your life, but due to your own extravagance and lack of provision for the future, there will be grave danger of your finding yourself in an impoverished condition long before the end of your days. You cannot be too prudent in the matter of finance. You will not be really fitted for money grubbling in any of its forms. You belong more to the mental, intellectual plane and will care little about wealth if you can only have enough for your immediate wants. You belong to the hopeful class of individuals who are rather inclined to live in dreams.

|| Life Predictions ||

A sharp intellect will keep you ahead of others and your hardwork will always make you number one in your respective field. You will develop an interest in Hindu Shastras and Mythology and in matters which discloses the truths of life. As you want to lead a happy life, you are aware of its prerequisites, which is why you want to excel in your studies and move forward in life with your hard work and dedication. Keep your temper at bay, as it can hamper your studies and cause loss of focus in studies. However, your sharp intellect will always keep you at the top.

|| Shadbala and Bhavabala – Strength Calculations ||

Shadbala is a method in Vedic astrology that gives quick insight in the strength of planets and the houses. Sanskrit means 'Six' and hence Shadbala consists of 6 different sources of strength. Shadbala calculation is a laborious process but thanks to computers one can get these strength calcualtions by just one mouse click. Shadbala method gives a value to each planet and each house. The more points a planet and a house gets in Shadbala the stronger it is.
